

Maternity Photoshoot

♡ Hello! ♡

Hello, my name is Julia. I am from Brazil and work as a professional photographer since 2017. I began as a newborn photographer assistant and fell in love with family photography.

Eternalize your dreams is what makes me happy and motivates me. The spontaneous smiles, the sparkle in the eyes, the emotion of the moment and the fact of working with pure love moves me.

I keep learning and improving my skills in order to always do my best for you!

Your baby is on the way and this memory should be eternalized in a photo.

The Maternity Photoshoot has the responsibility to tell the story of how your baby has been loved since he was in your belly.

It eternalizes your body in an unique moment and the waiting for someone that will completely change your lives forever!
